Beaverton Community Band Mission

Our Motto is: Inspiring Music for All Ages

Our mission is to engage audiences with diverse artistic performances, enlighten the community through music education, and enrich the lives of our members. We play a critical role in enhancing the quality of life for area residents as great band music is an essential element of a vibrant arts community. Organized in 1978, the band has grown to be a cherished asset for the entire area performing at multiple civic events throughout the year.

As an all-volunteer adult organization, we perform a variety of band literature, including marches, symphonic transcriptions, and easy listening pops, swing, patriotic, and holiday tunes, all played at weekly rehearsals and public performances.

We endorse a policy of diversity, inclusion, fairness, and non-discrimination regardless of ethnic background, religion, handicap, or orientation. Our members are treated with respect as they do others. Members are valued for their strengths and our leaders are tasked to do what's right in an environment that is welcoming and safe.
